Dear Parents and Friends,

## REVIEW OF OUR INDEPENDENT PUBLIC SCHOOL

Every three years, all Independent Public schools are reviewed by independent reviewers. They spend two days at the school, examining the schools processes and policies and student results. Earlier this week Mr David Carvosso and Mr Rod Baker visited the school to make this appraisal. During their visit they interviewed all major stakeholders. This included, the Board Chair and P&C President and committee, Board members and all staff teaching and non-teaching. Their preparation for the visit entailed a perusal of all our written documentation and evidence. A written report of their findings will be approved by the Director General and be on the school website and Schools Online when it is complete. Both the Board Chair and myself will have an opportunity to see the report in its draft form to check on the accurate reflection of facts.

## ANNUAL GENERAL MEETING OF OUR P&C ASSOCIATION

Elsewhere in the Landing Post is the P&C notice board. Please take particular note of the next meeting which is an Annual General Meeting. This will be held on Monday 19th March 2018 at 3.30pm in the Library. Several parents are unsure of just what a P&C Association does. To assist you, see below an extract from the Education Act of 1999 setting down their role:

143. *Objects of and limits on associations*

(1) *The objects of an association are to promote the interests of the school or group of schools for which it is formed through —*

(a) *cooperation between parents, teachers, students and members of the general community; and*

(b) *assisting in the provision of resources, facilities and amenities for the school or schools; and*

(c) *the fostering of community interest in educational matters.*

(2) *An association cannot —*

(a) *intervene in the control or management of a school; or*

(b) *intervene in the educational instruction of students; or*

(c) *exercise authority over teaching staff or other persons employed at the school.*

(3) *An association is not to expend its funds that are in excess of administrative costs otherwise than for the benefit of students at a government school.*

Our P&C Association continues to be a driving force in our school. Their fortnightly bulletin outlines their activities and requests for your support.

## A REQUEST FOR PAYMENT

## SUMMER CARNIVAL

Next Friday 23 March 2018, our Tennis, League Tag, Cricket and T-Ball teams will be competing against other schools in the Ellenbrook District at the annual Summer Interschool Carnival. Tennis and League Tag will be played at Coolamon Oval and Cricket and T-Ball at Ellenbrook District Open Space. We are looking forward to a great day filled with sportsmanship and hopefully a few wins under our belts. If you are free on the day we would love to have you come support our students. Canteen orders and permission slips are due by the 21<sup>st</sup> of March. Please ensure your child is equipped with a water bottle and lunch if not ordering from the canteen. Best of luck to all students involved.

**P.E Teacher**

We've made a fantastic start to our Spell-a-thon. Thank you for helping your children to create their 'MyProfile' page. Many students have already received generous online donations. It is great to see relatives from as far away as the UK and New Zealand getting involved and supporting our children in their spelling and fundraising efforts. Students are still able to create a 'MyProfile' page (<https://myprofilepage.com.au/>) and seek online donations. Simply follow the steps in the sponsorship booklet. Of course, if you don't want to do online sponsorship, you can collect old-fashioned cash money! This can be bought into school any time from now. Students just fill out their sponsorship form at the back of the booklet and put it in an envelope with the money they have raised. This can then be handed into the Office. Of course, the spell-a-thon is much more than just raising money. It is about learning wonderful new words! Please encourage your child to learn and practise their list words, so they can do well in their classroom Spelling Bee. Discussing the meaning of their words is also very important, and is a great way to increase your child's vocabulary. Remember, the top two spellers from each classroom will get the chance to compete in our Junior and Senior Spelling Bee Championships. A reminder of the important dates:

- **Monday 26<sup>th</sup> March – Thursday 29<sup>th</sup> March (Week 9)** - Spelling Bee heats to be held in classrooms
- **Thursday 29<sup>th</sup> March (Week 9)** - Sponsorship money due back to school
- **Friday 6<sup>th</sup> April – 9am (Week 10)** - Junior Spelling Bee Final (Years 1 – 2)
- **Friday 13<sup>th</sup> April – 9am (Week 11)** - Senior Spelling Bee Final (Years 3 – 6)

## NETBALL UPDATE

Our first PP-Year 1 training on Wednesday saw 16 children attend, including 3 boys. There were a couple missing so all in all there should be around 20 children. The feedback from the parents was awesome, and the kids enjoyed every moment. Based on what I saw we already have a couple of superstars in the making.

The year 2- year 4 training seems to be a hit as well. We have 16 attendees making it great for scratch matches during training. After this season, these girls (and 1 boy) will be awesome. This year, only one team will attend the competition in Midvale but I'm expecting 2 or maybe 3 teams next year. I'm hoping not to lose a game this season but our team will consist of mostly Y2s, playing in the Y3-Y4 competition which will be testing, but great. We start competition play on the 28th April in case anyone would like to see the game.

We also lost a couple of players from last year, so just to say thank you for their fundraising efforts, we are holding a team BBQ at Annie's Landing Park this Sunday Afternoon from 1pm. I'll keep you updated of our progress during the season.

## SOLVE A GRAPH PUZZLE - Suitable for Year 5 or above.

What You Need:

- Graph paper
- Pencil
- Ruler

Coordinate planes? Four quadrants? Ordered pairs? These are terms that make students in the middle grades uneasy. However, with practice, graphing on the coordinate plane can be an enjoyable activity. By fifth grade, students understand positive and negative numbers so graphing on the four quadrants is a way to apply this knowledge to solve a problem. Using ordered pairs to create geometric figures is like solving a puzzle!

By practicing graphing skills, students are increasing their visual thinking and problem solving skills. Here's a fun, geometric puzzle activity that will capture your child's interest and strengthen his number awareness.

What You Do:

(2,2), (2,4), (3,5), (4,4), (4,2)

1. Using graph paper, help your child draw a four quadrant plane. Label the x-axis (the horizontal line) and the y-axis (the vertical line). Label the intersecting of both lines 0. Label each point to the right on the x-axis 1 to 7. Label each point to the left on the x-axis -1 to -7. On the y-axis label the points up with positive numbers, 1-7, and then label the points down with negative numbers, -1 to -7. If using the printable Coordinate Plane worksheet, print out and review the x-axis and y-axis
2. Give your child these ordered pairs and ask him to plot them on the coordinate plane:  
(0, -2), (1,-3), (2,-2), (2,-4), (1,-5), (-1,-5), (-2,-4), (-2,-2), (-1,-3)
3. Remind your child to plot the first number of the ordered pair on the x-axis and the second number of the ordered pair on the y-axis.
4. Next, have your child take a ruler and connect the 5 points. Ask him what geometric shape he created.
5. Give your child another set of ordered pairs to graph:  
(-2,3), (-3,5), (-4,6), (-5,5), (-6,3), (-4,4), (-2,5), (-6,5)
6. Have him connect the 9 points and describe the shape he has created.

## Science Incursion

On Monday, Mr and Mrs Schiaffini, (my mum and dad) came and made pizza with Orelia 3. We had been learning about micro-organisms and how yeast lives in Science. We learnt how to activate yeast and how to make it. We all got to have a go making pizza to share. After we made pizza we all gathered around the Fire Truck for photos. It was sooo much fun!!!

Dear Parents and Carers,

### **YOU MAY BE ELIGIBLE TO JOIN A SAVINGS PROGRAM THAT MATCHES EVERY DOLLAR YOU SAVE, UP TO \$500.**

As you may be aware, the Department of Education supports parents to provide financially for their children and refers families to community and government organisations that can offer additional support to families. Saver Plus, Australia's largest matched savings program, is one such program and assists people to save for education expenses by matching their savings dollar for dollar up to \$500.

Saver Plus was developed by Brotherhood of St Laurence and ANZ in 2002 and is delivered by The Smith Family and Brotherhood of St Laurence in Western Australia. More than 32,000 people across Australia have participated in the program, saving over \$17.3 million.

The Department wishes to offer eligible parents the opportunity to participate in Saver Plus.

#### **What this means for you**

Saver Plus is a free ten month program that provides financial education, budgeting and savings tips, and matches your savings up to \$500 for education costs. Saver Plus can help you:

- build your skills around managing money
- become a regular saver, and
- reach a savings goal.

Once you finish the program ANZ will match your savings dollar for dollar, up to \$500. You can use your matched savings for education-related costs, such as, computers, laptops, and tablets, school uniforms, text books, sports fees and equipment, school excursions and more.

#### **Can I join?**

You may be eligible to join if you meet all of the below criteria:

- have a Centrelink Health Care or Pensioner Concession Card
- are at least 18 years old

Saver Plus is an initiative of Brotherhood of St Laurence and ANZ, delivered in partnership with The Smith Family, The Benevolent Society and Berry Street and other local community agencies. The program is funded by ANZ and the Australian Government Department of Social Services. Go to [www.dss.gov.au](http://www.dss.gov.au) for more information.

- have some regular income from work (yourself or your partner) including casual, part-time, full-time or seasonal work, and
- have a child at school or attend vocational education yourself.

Please note: a family may receive matched funds only once.

### Hear what past Saver Plus participants had to say

"With one child at high school and four children in primary school I found it extremely difficult to find the money for school costs. Participating in Saver Plus has really taken away the stress of these costs."

"Now I'm much more relaxed and confident that I will always have money behind me to not only support my family, but also give them the extras in life."

### Your privacy

The Department, through local schools, will communicate directly with families where the Saver Plus program is available. The Department respects your privacy, and your personal information has not and will not be provided to any of the organisations associated with this program.

The Department will not know if you decide to participate and your decision to participate in this program is entirely voluntary.

### How do I find out more?

Saver Plus is delivered by The Smith Family in the City of Stirling, Swan and Wanneroo in the north and the City of Kwinana, Cockburn and Rockingham in the south, and by Brotherhood of St Laurence in the Mandurah, Peel and Albany areas.

The Smith Family and Brotherhood of St Laurence invite you to join Saver Plus today.
