Dear Parents, Guardians and Friends,

## WELCOME BACK TO TERM 4

I trust you enjoyed the holiday and the quality family time it provided to do all those things together that the busy term precludes you from doing.

Our children returned to school on Tuesday as enthusiastic as ever and as always beautifully turned out in uniform.

My sincere thanks to Mr Guy for the great job he did as Acting Principal in my absence on Long Service Leave. He is currently on two weeks Long Service .

## OUR BUSY TERM PLANNER.

Accompanying this Landing Post is our Term Planner. There are several events that ask you to come along to school and be part of your children's learning. There are a few major ones that probably require some roster changes and child sitting arrangements so you may want to diarise these.

## INTER HOUSE ATHLETICS CARNIVAL A GREAT SUCCESS.

The Inter House Carnival conducted on the last Friday of last term was a great success. The emphasis was on "fun for all" and of course celebrating House effort and individual achievements. At the end of the day, our children, beautifully dressed in their house colours were well pleased with their efforts and proud to be part of a House that gave of its best.

Many thanks to the large number of parents and friends who attended on the day and cheered their favourites on. At the two breaks, recess and lunch, they picnicked with their children who enjoyed the delicious food provided by our ever active P&C parents and friends.

**REMINDER: EARLY CLOSE EVERY WEDNESDAY AT 2.30PM**

Well done to all the children from:

**Freeman who scored 1019**  
**Bradman who scored 665**  
**Fraser who scored 1000**  
**Hopman who scored 974**

Well done to Freeman who were winners of the Lions Club of Ellenbrook Shield. Many thanks to Mr Derek Boardman for presenting the shield on behalf of the Club.

Congratulations to the following children who won medallions for outstanding efforts and thanks to the Lions Club of Ellenbrook for providing the Medallions :

## ***AHPS Colour Explosion Friday 25<sup>th</sup> October 2019***

The time has come... The School Run4Fun Colour Explosion has kicked off!

Students have now been supplied with a Sponsorship Form and it's time to fundraise! How exciting!

Students who raise as little as \$10 will receive a prize for their efforts, but why not aim higher? The more money we raise the more we can provide back to the students with outdoor table and chairs and other school resources.

Sign up now at [www.myprofilepage.com.au](http://www.myprofilepage.com.au) and create your child a Profile Page. Use the unique code on page five (5) of the Sponsorship Form and see if you've won FREE sponsorship donations. The other exciting promotion is the highest fundraising student in our school will go into a draw to win a \$2,500 Helloworld Travel Mount Ommaney Gift Voucher which can be used towards a cruise, flights, and/or accommodation. You can check your ranking on our school's leader board online. Who will be our highest fundraiser? Only time will tell! Happy fundraising!

Parent helpers are most welcome!!!@australianfundraising #colourexpllosion #schoolrun4run #colourblast #schoolcolourexpllosion #schoolfunrun #australianfundraising

## MATHS MANIA

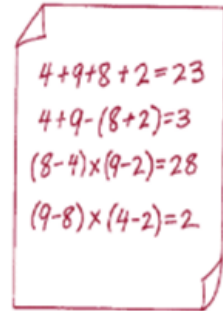

### Card Smarts

#### Grades 3-5

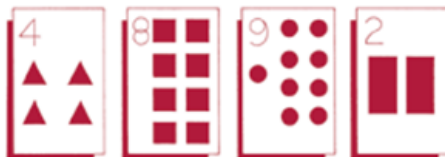

#### What you'll need

Number cards, pencil, and paper

#### What to do

- 1. How many numbers can we make?** Give each player a piece of paper and a pencil. Using the cards from 1 to 9, deal four cards out with the numbers showing. Using all four cards and a choice of any combination of addition, subtraction, multiplication, and division, have each player see how many different numbers a person can get in 5 minutes. Players get one point for each answer. For example, suppose the cards drawn are 4, 8, 9, and 2. What numbers can be made?
- 2. Make the most of it.** This game is played with cards from 1 to 9.

$$4+8+9+2=23 \quad \text{or} \quad 4+9-(8+2)=3$$

$$(9-8) \times (4-2)=2 \quad \text{or} \quad (8-4) \times (9-2)=28$$

Each player alternates drawing one card at a time, trying to create the largest 5-digit number possible. As the cards are drawn, each player puts the cards down in their "place" (ten thousands, thousands, hundreds, tens, ones) with the numbers showing. Once placed, a card cannot be moved.

The first player with the largest 5-digit number wins. For example, if a 2 was drawn first, the player might place it in the ones' place, but if the number had been an 8, it might have been put in the ten thousands' place.

### Parent Pointer

This card game helps children develop strategies for using numbers in different combinations using addition, subtraction, multiplication, and division.

### Kids as consumers

By Professor Matt Sanders

It could be anything from breakfast cereal at the supermarket to an expensive new video game. Chances are though, your child has a very clear idea of what he or she wants you to buy.

It's hardly surprising when you consider children watching two hours of television a day will be bombarded with around 10,000 advertising messages every year.

So, with children being groomed to consume from a very young age, some parents may feel powerless when the pestering starts. But there are ways to help children express their wants – which is natural and not necessarily negative – yet prepare them for the disappointment of not always getting everything they want.

First, you should help your child understand why you will or won't buy something. Rather than telling your son he can't have something, "because I say so", you could explain why the product isn't suitable. Is it offensive or too expensive? Perhaps the child can have the item when they reach a certain age. Explain once and don't let your child interrogate you.

You can also help your children become better informed consumers by teaching them the value of money. Give them a set amount of pocket money to spend as they like. Even six year olds soon learn they can't buy anything once the piggy bank is empty.

And finally, remember you're a role model. Think about what you say and do in front of your kids. If you constantly discuss other people's worth or success in terms of how much they earn, how much they have or what they've bought, your child is going to accept those values as important.

## Tuning in to Teens Emotionally Intelligent Parenting

**CLAN Midland**  
COMMUNITY LINK & NETWORK

**A FREE six session parenting program for parents of teens aged 9-17 years**

Would you like to learn how to:

- Communicate with your teen more effectively?
- Be better at understanding your teen?
- Help your teen learn to manage their emotions?
- Help prevent behaviour problems in your teen?
- Teach your teen to deal with conflict?

**Tuning in to Teens shows you how to help your teen develop *emotional intelligence*.**

Adolescents with higher emotional intelligence:

- Are more aware, assertive and strong in situations of peer pressure.
- Have greater success with making friends and are more able to manage conflict with peers.
- Are more able to cope when upset or angry.
- Have fewer mental health and substance abuse difficulties.
- Have greater career success.
- Have more stable and satisfying relationships as adults.

**Emotional intelligence may be a better predictor of academic and career success than IQ!**

The Synergy Xmas Lights Trail is the home of Christmas lights in WA, connecting people who love to decorate their homes with the people who love to visit Christmas lights.

We also use our Synergy Xmas Lights Trail to support Lifeline WA who help people in crisis at what can be a very difficult time of year for some.

### An easy way to promote your local events this Christmas

Every year, many local government authorities run a range of decorating competitions and local Christmas events for residents.

We'd like to invite you to join our Synergy Xmas Lights Trail platform – it's a free and simple way to engage with residents, activate tourism in your local area and create a wonderful sense of community spirit.
