Dear Parents and Guardians,

SCHOOL NUMBERS for 2020

Work has already commenced on class lists and new teacher appointments for 2020. As you can appreciate, predicting numbers is difficult. You can assist by coming in and informing us if you know of any families who are moving into the area with school age children. The more prepared we are the more we are likely to hold class numbers for as long as possible before a restructure occurs.

Please contact the Office to inform us if your children will be leaving in 2020.

In response to some enquiries I have received - there will be some mixed year level classes. These are called composite classes and quite common in our system. Every effort is made to ensure that children are allocated to these classes based on their capabilities.

If you would like to contribute any information to us, as we decide on your child's class placement, please write to me providing EDUCATIONAL REASONS why your child should have a particular placement. Your letters should reach me by **Friday 6 December.**

SCHOOL PHOTOS

Just a reminder that school photographs will be taken on Thursday 14 and Friday 15 November . Details – a personalised flyer was sent home with your children a few weeks ago. Please refer to the information notice inside this Landing Post for further details.

SEMESTER 2 REPORTS

Reports will be emailed to parents Tuesday, 17 December. **IF YOU HAVE CHANGED YOUR EMAIL ADDRESS IN THE LAST SIX MONTHS PLEASE ADVISE THE FRONT OFFICE ASAP.**

REMINDER: EARLY CLOSE EVERY WEDNESDAY AT 2.30PM

NEXT P&C MEETING

The next P&C meeting will be held on the **Tuesday 26th November 2019 at 3:10pm** in the school library. This will be the last P&C meeting for 2019, if you are interested in joining the P&C there will be information available on the rolls that will be available for the 2020 year. We understand that everyone is busy, however if you can volunteer your ideas and suggestions or even your time on the ODD occasion it would be greatly appreciated, and then you are able to have a voice within the P&C. If you have little children they are more than welcome to come and if you can't make every meeting that's okay we will keep you in the loop.

Many hands make light work, together we can achieve anything!!

OVERVIEW ON THE P&C'S ROLL WITHIN OUR SCHOOL COMMUNITY:

What We Do:

Our P&C are here to promote the interests of the school through cooperation between parents, teachers, students and members of the general community.

We support the school to enhance the educational experience of our students, through our fundraising efforts which enable the provision of additional resources.

We encourage parent participation and involvement within the school, provide a forum to discuss ideas for the school at our meetings which occur once a term, and organise and run events that promote a sense of community.

What We Don't Do:

Intervene in the control or management of the school or the educational instruction of the students

To stay up to date with events and requests for volunteers or to contact us at any time, please visit and like our Facebook page <https://www.facebook.com/Anne-Hamersley-Primary-School-PC-Association-Inc-1558093001148025/> or send us an email at AHPS_pandc@hotmail.com

MATHS MANIA

Which is a better estimate for the weight of a basket of apples?

1 gram

1 kilogram

More or Less

Grades K-2

What you'll need

One coin, number cards (from book cover), scratch paper, pen, and pencil

What to do

Two players will play a card game where each will draw a card. The players will compare cards to see who wins that round. Before you begin, flip the coin and call "heads" or "tails" to see if the winner of each round will be the person with a greater value card (heads) or a smaller value card (tails).

1. To begin the game, divide the cards evenly between the two players.
2. Place the cards face down. Each player turns over one card at a time and compares: Is mine more or less? How many more? How many less? The player with the greater or smaller value card (depending on whether heads or tails was tossed) takes both cards.
3. The winner of the game is the player with more cards when all the cards are gone from the stack.
4. Now try the same activity with each player pulling two cards and adding them. Which sum is more? How much more? How much less?

Parent Pointer

Playing with numeral cards helps children learn to compare quantities of numbers. Children can also learn addition and subtraction.
